Thanks to Facebook's bungled IPO, Mark Zuckerberg's net worth tanked this year.

According to Forbes, Zuckerberg is now worth \$9.4 billion, down from \$17.5 billion last year.

Last year Zuckerberg was the fourth richest person in tech, and this year he's down to ninth.

As we were assembling this year's list it was incredible to

JESUS ROB, LIVE IN THE NOW

A fluffy orange and white cat is sleeping peacefully on a light-colored couch. Its body is stretched out horizontally, with its head resting near a laptop keyboard. The laptop is open and positioned in front of the cat. The cat's fur is a mix of orange and white, with distinct patches. The background is a dark, solid color.

ADP's web strategy set to take off with acquisition of digital marketing firm.

Advertisement

Automatic Data Processing, Inc. steps up its presence in the world of dealership websites this week by acquiring BZ Results, a digital marketing and consulting company.

The acquisition is the latest in a series of announcements that shows ADP is intent on putting some teeth into its dealership Web initiatives.

Details of the deal have not been announced, but ADP officials confirm that BZ President Sean Wolfington will remain with the company as a part of ADP's digital marketing management team.
